

Please enter your child's name in the box at the top of the Tooth Fairy Letter to personalize it with their name.

Print the letter and leave it under your child's pillow after they lose a tooth!

Dear

Thank you for the beautiful gift of your tooth, I'll add it to my special collection.

Because you kept your teeth so shiny and clean, I left you a little present under your pillow!

Don't worry about losing your tooth, soon you'll see another tooth grow to take the place of the one you lost and that one will last for a very long time.

Make sure to brush every tooth twice a day and use floss to clean between your teeth. This will make your whole mouth healthy!

Be sure you visit my good friend the dentist regularly to make sure your teeth stay shiny and clean!

Another way to keep your teeth sparkly and clean is to eat good, healthy snacks. Keep your teeth away from too much candy and sweets, they like fruits and veggies instead!

Your Friend,

*The Tooth Fairy*
